**SERVICES**

**Go Paperless:** Save time. Save money. Sign up for Paperless Billing and Auto Pay on My Account at [amwater.com/myaccount](http://amwater.com/myaccount). Not registered? Log in and be sure to have your account number handy.

**Water Quality:** We take water quality seriously. When it comes to competing with federal drinking water standards, we consistently score better than the industry average. For a copy of the annual water quality report for your area, visit [www.indianawater.com](http://www.indianawater.com). Under Water Quality, select Water Quality Reports.

**EXPLANATION OF OTHER TERMS**

**Payment by Check:** Paying by check authorizes American Water to send the information from your check electronically to your bank for payment. The transaction will appear on your bank statement. The physical check will not be presented to your financial institution or returned to you.

**Estimated Bill:** This occurs when we are unable to read the water meter. Your usage from the same billing period the prior year is used to calculate the estimated bill. The next actual meter reading corrects any over or under estimates.

**Disputes:** If you have questions or complaints about your bill, please call us at 1-800-492-8373 before the due date. If your bill is unusually high, it may indicate that there is a leak in your plumbing. For tips on how to detect leaks and use water wisely, visit us online. You'll find helpful tools under the Water Information menu. Every drop counts!

**Rates:** A detailed listing of charges that make up your bill is available upon request by contacting Customer Service or visiting us online at [www.indianawater.com](http://www.indianawater.com). Under Customer Service & Billing, select Your Water and Wastewater Rates.

**Correspondence:** Please send written correspondence to PO Box 578, Alton, IL 62002-0578. Be sure to include your name, account number, service address, mailing address and phone number including area code. Please do not send correspondence with your payment, as it may delay processing your payment and correspondence.

**Understanding Your Bill**

The information below defines some of the new terms you may find on your bill:

- Service Related Charges:** This section includes charges for services related to water, wastewater and fire protection. If applicable, credits and debits for correction to previously billed charges are itemized in this section.
- Fees and Adjustments:** This section provides details related to additional charges or adjustments for the service period referenced. Fees, when applicable, would include items such as service activation and late payment charges.
- Pass Through Charges:** Charges in this section, when applicable, are separated from other service related charges to provide visibility into what portion of your bill is being remitted to other entities. Payment received for these charges does not remain with American Water. While we may bill and collect for them, the payments received are passed along to other companies and agencies.
- Billing Units:** One billing unit equals 100 gallons of water used. If the meter serving your property measures your water use in cubic feet or a different unit of measure, we convert the usage to gallons to make it easier to understand.
- Average Daily Use:** The gallons shown in the water droplet above represent your average daily water use for the current billing period. Tracking the amount of water you use can help you manage your overall water use from month to month.
- Still have questions?** We are here to help. Our customer service representatives are available M-F, 7 a.m. to 7 p.m. More information on understanding your bill and charges can also be found on our website. See the link below.
